things before starting the story

Reads: 198 | Votes: 9 | Comments: 0

First thing I know there is another story named the same but I can't find it anymore

Oh and Kiyo will behave like Kiyo from volume 1
Nothing about this story is gonna be serious

I took this from my oneshot series

My man Kiyo will also radiate good luck so 1 vote = +10 good luck

Ok I get it that was very petty of me I get it ok OK!

Nah but really claim that you exist by commenting or voting it gives motivation to write

first day

Reads: 203 | Votes: 10 | Comments: 1

*beep*beep*beep*

Looks like the alarm had finally ringed although not necessary I had set up an alarm and decided not to get off the bed until the alarm doesn't ring

It's quite pointless but I just did it,no idea why though?

Today is gonna be my first day in a school and apparently I am in highschool, there is nothing I can learn from there as the whiteroom had taught these things to me when I was a toddler but I will experience something new

It's quite surprising that I got permission to be like a "normal adolescent" for once and attend highschool the purpose is to test how well will I fit in the world outside but for me it is just a way to learn human emotions

I am currently staying alone in an apartment which is of average size and is not very expensive,again I am shocked that my desires are being humored but the main point is that I am allowed to live for the next three years all by myself without any interference

While I was contemplating I was also doing my daily routine,I then made me some breakfast which was some pancakes that I have learnt how to cook from the internet

The internet is an interesting place as it is very beneficial for learning things and wasting time a person can also show his or her talent but at the same time it is also extremely good at showing things that a person doesn't need to learn,it is in fact a double edged sword that if handled carefully will make a person very powerful

Fifteen minutes later I was fully dressed. The uniform consisted of a

shirt that is a tone of an extremely light blue which is subtle but is noticeable, then a very dark tone of deep blue almost black with lining of a slightly lighter shade of blue, a tie with no design orange in colour and a pant the same shade as the coat

The designers were really good at their jobs as the uniform wasn't too flashy but not too plain as well, the colours also complemented each other

In less than ten minutes I reached the school this was the first time I was in a place like this so it was completely foreign to me before opening the door I was not sure what to do, so I just burst in and start to talk to everyone or take things slow and focus on building relationships slowly and steadily

In the end I decided on the latter

The first thing that I saw when I entered was boys and girls chatting, sleeping and overall everything that I anticipated

I swiftly took my seat which was the last seat next to the window at the corner, I noticed a couple of students looking at me and seemingly being shocked by the fact that I sat on this seat

Is this place something special or did I do something wrong?

I gave them a direct look as eye contact is a way to show intimacy

As soon as I looked at them they all averted their eyes and then refrained from looking in my direction again I was left confused, did I do something wrong again?

I noticed that someone was coming in my direction she was a ravine-haired girl with scarlet eyes and an authoritative aura surrounding her she didn't look at me and sat on her seat which was next to me but I noticed that she did acknowledge my existence

I wanted to talk to her but was trying to find a way to initiate a conversation and then

Horikita: "excuse me but may I ask why are you staring at me?"

Kiyo:"Uh-.. it's nothing I was just curious about the book you were reading it is an excellent choice"

Horikita:"oh then thank you I do think this book is worth the time"

Kiyo:"you must be smart for you to be able to read that book without any problem"

Horikita:"hmm... doesn't the same apply to you as from the looks you have read this book already"

Kiyo:"huh..yeah it was in my previous school library"

Horikita:"previous school.. which school will have a book like crime and punishment in its library isn't that a bit too above the standards of the students below highschool "

Kiyo:"I- I studied in a foreign place so things were different "

Horikita:"where?"

Kiyo:"Australia"

Horikita:"can you speak english?"

Kiyo:"yes"(in English)

Horikita:"so you weren't bluffing after all"(in english)

Kiyo:" why would I bluff?(In english)

Horikita:"there are many reasons but none are important now"

Kiyo:"ok I guess"

Horikita:"my name is Horikita Suzun what about yours?"

Kiyo:"oh my bad, my name is Ayanokoji Kiyotaka nice to meet you"

Horikita:"likewise"

After that we chatted for some time

For the first day in school it wasn't bad at all although it was pretty boring to go through the same things that I went through when I was four but still I could kill time either by dreaming or sleeping with my eyes open as my position had put me in a blind spot.

Nothing much had happened throughout the day but some students did get punished for fooling around.

As I was thinking the bell rang and the teacher left the class

When everyone was about to leave a boy with greenish hair and a handsome face stood up

Hirata:"umm excuse me everyone but could you give me some of your time as I think we should introduce ourselves after all we will be spending the next three years together"

Kei:"I think that's a great idea we all should do it"

Kiyo:"Introduction?"

Horikita:"hey Ayanokoji are you going to stay?"

Kiyo:"I don't know, should I?"

He does have a point though,if we are spending our next three years together then knowing each other will be important.

Suppose I need help with something and if I ask for help and I don't even know their name I don't think I will get help anyways"

Horikita:"well you do have a point guess I will also stay"

(Note: in this verse Horikita is not an asshole or a brocon in fact Manabu is proud of her)

Hirata:"Hello my name is Hirata Yosuke and my hobby is playing

soccer and I will be joining the soccer club. Nice to meet you"

(Let's skip whoever that character was and that double faced ànglé)

Hirata:"you there,can you introduce yourself?"

Kiyo:"umm hello my name is Ayanokoji Kiyotaka and umm it's nice to meet you"

Ike:"dude at least try a bit ,do it again"

Kiyo:"ok ok. Hello everyone my name is Ayanokoji Kiyotaka and I don't have a particular hobby but I can do most of the things so that's that oh and also I will be looking forward to being with you all"

Ike:"now that was much better now the girls will like you as much as they like me"

Kiyo:"well that's not good for me then is it?"

Everyone:"🤔 "(writing someone laughing is just creepy)

Ike:"what do you mean!?"

Hirata:"now let's calm down everyone"

Horikita: looks like I am next

"Hello my name is Horikita Suzune, my hobbies are Karate and cooking and I hate irritating people so please don't bother me at the wrong time that's all"

Kiyo: don't like being bothered?

Hirata:"don't worry we won't bother you"

With that we all packed and left.

When I was going home I encountered Horikita on the way

Horikita:"well hello again"

Kiyo:"what a coincidence that we go home the same way"

Horikita: "maybe"

Kiyo: "if it's not too much to ask can you accompany me for shopping"

Horikita: "so you were following me"

Kiyo: "no"

Horikita: "aren't you going too fast, why should I even be doing that?"

Kiyo: "well I am not forcing you"

Horikita: "why do you even need me?"

Kiyo: "remember I told you I used to live in foreign so I don't understand the currency very well and I will need a person to help me out with shopping and you are the only person I know properly from here so I asked for help from you"

Horikita:"so I assume you live alone"

Kiyo:"yes"

Horikita:"fine"

Kiyo:

So she actually agreed to my request well that's a relief. I wonder how long I will be able to keep the Australia lie as I have never lived and one question that only a native can answer and I am busted. I have already prepared a mental list of all the things that I want to try but now that I have an acquaintance with me I might as well get more things.

"Let's meet here after we have changed at four thirty"

Horikita:"fine by me"

After that I went home just to realise I don't have any clothes to wear as the only set I had was wet.

At that point the only reasonable thing to do was to use my uniform

I took off my coat and tie, pulled up my sleeves and then put on my casual shoes

I was in a semiformal fit but had no choice

After a five minute walk I was at the spot and there was still twenty minutes left

I still had the feeling that I was looking weird and I couldn't get rid of it so I went to the mall to get something that can help

As I was scouting I found myself at the glasses section and thought having one may help me look more casual so I bought one with red lenses and a round shape. I also bought a watch. I then sprinted back to the place from another way so it would look like I was coming back from the mall if Horikita was there and as I thought she was there.

She looked at me for a brief moment before scolding me for being late

Horikita:"what took you so long are you supposed to be here before me as you are the one to invite me"

Kiyo:"sorry it was my fault and I would like to apologise

Now may we go"

After that we walked to the mall. We first went to the grocery section as I needed food to survive.

"Hey Horikita how does this taste?"

Horikita:"What? You don't know how an icecream tastes?Were you living under a rock or something?"

Kiyo: well technically she is correct

"No it's just my parents were very strict"

Horikita:"so you really don't know huh
Try this"

Kiyo:"money savor triple flavour
Well that's a catchy name"

Horikita:"it has the three most popular flavors all in one pack"

(Ten minutes of aimless roaming later)

Kiyo:"Hey there is a book section let's go in"

Horikita:"ok"

Kiyo:"could you suggest a book"

Horikita:"Let's see...maybe this one"

Kiyo:"my sister,the serial killer.... Wonder if that relates to you"

Horikita:"did you say something"

Kiyo:"Let's see some more I will get a bunch to get myself busy"

(I don't want to write more shopping so just imagine it,I am not a woman so I don't know what they do in the mall)

Kiyo:"thank you for coming with me I would like to give this as a

gift so please take it"

Horikita:"ok seems reasonable"

After that we both finished our drinks and left

Horikita POV

why did I agree to him and now that I did I have to wait here. That guy has no manners he invited me and is making me wait.

If he doesn't arrive in the next five minutes I will leave.

Wait is that him?

What is this a date!?

Now that I think he isn't quite bad he looks pretty good maybe top five in the school and no one in class.

Wait why was I even thinking about this, focus Suzune focus! Don't let your intrusive thought take control of you

Wow this really had turned out to be a date sitting in the cafe drinking coffee while talking about trivia.

But I have to admit it as dumb as this guy looks he is quite smooth.

A gift?

Finally reached home

Oh I Didn't check the book he gave let's see what is it

Get a life by Chloe Brown.....

This is what you all got robbed from

Either way bye
